The overall

'Participatory Research Methods Participate
May 3rd, 2020 - Participatory research involves inquiry but also action. People not only discuss their problems, they also think about possible solutions to them and actions which need to be taken. The research conducted by the Participatory Research Group PRG aims to influence decision making processes and impact peoples’ lives locally and nationally.

'PARTICIPATORY LEARNING AND ACTION FOR MALARIA PREVENTION

'participatory action research
Participatory Action Research (PAR) is an approach to research in communities that emphasizes participation and action. It seeks to understand the world by trying to change it collaboratively and following reflection, PAR emphasizes collective inquiry and experimentation grounded in experience and social history.

**What is PB: Participatory Budgeting Project**

May 4th, 2020 - Participatory budgeting (PB) is a democratic process in which community members decide how to spend part of a public budget. It gives people real power over their money. PB started in Porto Alegre, Brazil in 1989 as an anti-poverty measure that helped reduce child mortality by nearly 20%.

**Towards an intercultural participatory approach to**

April 9th, 2020 - Participatory approaches to learning and teaching in the context of development are proliferating—Participatory Rural Appraisal (PRA), Participatory Learning and Action (PLA), the Reflect approach to name but three—and the literature on their ideological and methodological foundations is extensive, see e.g. Chambers 1997, Slocum et al 1995, Fiedrich 1996.

**Participatory Action Research Approaches and Methods**

May 1st, 2020 - Participatory Action Research (PAR) approaches and methods have seen an explosion of recent interest in the social and environmental sciences. PAR involves collaborative research, education, and action which is oriented towards social change. Representing a major epistemological challenge to mainstream research traditions, PAR methods and approaches are proliferating. Participatory Rural Appraisal (PRA), Participatory Learning and Action (PLA), the Reflect approach to name but three—and the literature on their ideological and methodological foundations is extensive, see e.g. Chambers 1997, Slocum et al 1995, Fiedrich 1996.

**Participatory Learning and Action (PLA)**

April 21st, 2020 - Participatory Learning and Action (PLA) is an umbrella term for a wide range of similar approaches and methodologies. These include Rapid Rural Appraisal (RRA), Participatory Rural Appraisal (PRA), Participatory Learning and Methods (PALM), Participatory Action Research (PAR), etc.

**Participatory Three Dimensional Modelling (P3DM)**

April 20th, 2020 - Participatory Three Dimensional Modelling (P3DM) can be a useful tool to gather spatial information for a variety of purposes. It enhances communities' knowledge about available resources and thus enables them to better manage their resources. They can monitor the implementation of development projects and resolve problems.

**Trainers' Guide for Participatory Learning and Action and**

April 16th, 2020 - The Participatory Learning and Action Trainers' Guide is part of the International Institute for Environment and Development (IIED) Methodology Series, which offers tools, techniques, and exercises to build dynamic learning environments for adult learners. The two-part manual draws on decades of research by the IIED and provides guidelines for community empowerment through participatory methods.
